Kurzbeschreibung Hugo Award-winning novelist China Mieville breathes new life into a classic DC Comics series as part of the second wave of DC Comics - The New 52. In the small run-down town of Littleville, CO, a troubled young man stumbles upon the lost H-Dial and all of the secrets and power it possesses. It has been many years since the H-Dial has been seen, though legions of villains have been scouring the globe looking for it and its ability to transform users into a variety of superheros and take on their powers and psyches. Will our hero be able to harness the power of the H-Dial and protect it from falling into the hands of evil? Will this newfound power plunge our hero to madness? And will we ever discover where the H-Dial came from and its true meaning? Pressestimmen Praise for Mieville's Dial H: "Dial H is a terrific tale of an ordinary schlub raised to hero status by accident. It's an old trope but, as detailed vividly by Mieville, Dial H is full of cleverness and narrative energy." EW.com's Shelf Life "Mieville, a mystery/horror novelist, brings raw energy and intelligence to Dial H and it's amazing just how refreshing and invigorating that is." MTV.com "Mieville and Burchielli have turned a strange concept into something even more wonderful in "Dial H." Don't pass it up..." Comicbookresources.com "Wild, crazy fun. Mieville's ideas are golden from the get-go, and we can only imagine how much zanier they're going to be as the series wears on." Craveonline.com "Although Dial H is shorter on visceral horror, it goes longer on comedy, resulting in one of the best of DC Comics uneven New 52 relaunches."
