Von Ben Krefta : Digital Manga before purchasing it in order to gage whether or not it would be worth my time, and all praised Digital Manga:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Genial fr Anfnger!Von Sandy S.Absolut geniales Buch! Wer gerne Manga Skizzen malt und sie als Anfnger gerne mal colorieren mchte ist mit diesem Buch bestens bedient! Ich bin selbsr ein mega Anfnger in Photoshop Coloration / Lightning etc. und fhle mich mit diesem Buch bestens aufgehoben weil wirklich alles Schritt fr Schritt erklrt wird :)

Kurzbeschreibung Take your manga character sketches to a new level by learning how to create cutting edge, super-slick, digitally rendered artworks. With fully comprehensive, step-by-step tutorials, this book contains all the techniques you'll ever need to know.* Digital colouring issues described in an in-depth, easy-to-follow guide.* The latest Photoshop software and digital tools explored and explained.* Includes unique, detailed walk throughs with a multitude of tips for creating a range of character artworks.* Packed with ideas and techniques relevant to everyone, from novice to intermediate and advanced artists.* With information about scanning, digital inking, shading, choosing colours and loads more!
