Wonderful, well researched, well indexed; good maps.Von Bill JamesonEagerly awaited this book, but expected it to be another 'photo' book, but it is a well-researched, nicely mapped handbook to the surviving diners of Pennsylvania. Very useful if you live in or expect to pass through Pennsylvania and love diners. Very highly recommended.0 von 0

Kunden fanden die folgende Rezension hilfreich. Wonderful book! Von Ein Kunde A great gift for someone or for yourself. Lots of information on Pennsylvania dinners present and past. Has wonderful photos and history. I bought the book as a gift and plan to buy one for myself to visit these rare jems of PA!

Kurzbeschreibung Revised and updated edition of the best-selling first edition (978-0-8117-2878-2).

Synopsis Diners are not all created equal. And despite what bit-time restaurateurs may tell you, consistency is not always charming. At any diner, there are a lot of variables: the architecture, the food, the waitresses, the regulars, the shared conversations, and the time of day, your mood. When you're on the road, it's nice to know where to find some great grub, local flavour, and perhaps some unusual characters. And it also can be fun to discover places near your home that you've somehow missed. There may be more diners in New Jersey, but as a well-fed native and current resident of Pennsylvania, I find that its diners are among the most beautiful and often have the tastiest food.
