Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. It is a relief for those who have been abandoned by the (legal) system because / a must for all professionals Von Martina This

book feels like suspension of the doom that goes with losing against a psychopath and being abandoned by the legal system. It lifts the spell of evil that seemed to have won. It is such a precise description of how the legal system is exploited and abused by people who manage to stretch the boundaries of the system to an unbearable extent. It throws light on the suffering of the victims. It provides hope and support to all who are in the midst of such cruelty. Who are brought to the verge just because they trusted someone who could not be recognized as what they were.

**Kurzbeschreibung**When the world turns unbearably harsh, most of us turn to our life partner for protection. Sometimes, however, it is that very person who has caused the pain. Whats more, the abuse can be so disorienting that its victim can neither pinpoint its cause, nor find the help to stop it.Lifting the veil on the silent subterfuge that can take place in any home, author Indie Mom shares her story of hope, courage, and resiliency in Discarded: One Mothers Journey with a Psychopath. This easy-to-read, arresting memoir lays bare her thirty-year union with a disordered husband, and the subtle, savage ways he undermined her own sanity and impacted the health and wellness of their children.Discarded details how the author endured the regular gaslighting, projection and triangulation tactics. She also examines how her spouse was able to manipulate systems to his advantage, including family law, public education, and licensed mental health providers. At the same time, she paints a portrait of personal strength that will offer solace and support to any individual navigating the turbulent waters of a troubled psyche, and guidance on how to once again find safe shores.**Kurzbeschreibung**When the world turns unbearably harsh, most of us turn to our life partner for protection.
