Von Don Fortune, Katie Fortune : Discover Your Children's Gifts before purchasing it in order to gage whether or not it would be worth my time, and all praised Discover Your Children's Gifts:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great book for parent to learn about who their children are!Von elizabeth/quexa@mailcity.comBetter than their first effort, and easier to understand, this book explains some of the reason children behave the way they do and how to "train them up in the way *they* should go". Two little quibbles--spanking is not an effective method of *discipline* (discipline's root is disciple--you *don't* hit your students--at least I hope not) and their insistence on putting homosexuality and masturbation on a list of sexual sins. But those are things that can be ignored, and the rest of the

book is very well done.0 von 0 Kunden fanden die folgende Rezension hilfreich. get to know your children betterVon Ein KundeThis book is a great resource for parents. I intend to give copies as baby gifts to new parents, it's just that helpful. With it you will begin to understand your child's strengths, their weaknesses, those "little things they do" that exasperate you. Sometimes, I've learned from this book, that annoying habit is a key to their bent, their greatest strength. It will help you direct their interests, know how to discipline them better, understand their friendships, and communicate with them better.

KurzbeschreibungA handbook that guides parents in identifying and developing their children's personality gifts. Workbook format.KurzbeschreibungA handbook that guides parents in identifying and developing their children's personality gifts. Workbook format.Synopsis IN
