Von Brian Wood, RICCARDO BURCHIELLI : DMZ Vol. 2: Body of a Journalist before purchasing it in order to gage whether or not it would be worth my time, and all praised DMZ Vol. 2: Body of a Journalist:

Kurzbeschreibung America's worst nightmare has come true. Having neglected the threat of anti-establishment militias, the U.S. government is in danger of losing control. Middle America has violently risen up, coming to a standstill at Manhattan or, as the world now knows it, the DMZ. Matty Roth, a naive, aspiring photojournalist, lands a dream gig following a veteran war journalist into the heart of the DMZ. Things soon go terribly wrong, and Matty finds himself lost and alone in a world he's only seen on television. In this volume, Roth's star power as a wartime reporter rises both within and outside the DMZ and the embedded journalist lands the break of a lifetime: an interview with the infamous leaders of the Free Armies. *Pressestimmen.* " . . . addictive and brutal . . . a perfect antidote to the flag-waving Fox News broadcasts of the War on Terror."
