summer packet report and i really hate to read. This book is one of my fav. books because it has some drama and stuff like that! It left you on the edge at some points of the book and the end was like a cliff hanger. But it was a great book and it all came to a great finish like all of her other books. If you want a good book that doesnt take long to read and is easy to read choose dog friday1 von 1 Kunden fanden die folgende Rezension hilfreich.
