**Von Miguel De Cervantes : Don Quixote: The Original Classics - Illustrated (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Don Quixote: The Original Classics - Illustrated (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. A very entertaining classic Von Customer Don Quixote is a classic of Spanish literature in which the author introduces in the

narrative criticism, satire and even some life lessons. It's a fun and deep book. 1 von 2 Kunden fanden die folgende Rezension hilfreich. Book without bibliographic information Von Daniel Spreng I missed the date of publication, because I was interested in the approximate year the translation was made. It took me a long time to find-out it was a 19th century translation. I would not have bought the book, if I had known. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Don Quixote (auf englisch) sehr schn Von Flip71 Don Quixote (auf englisch) sehr schn; das sollten alle mal probieren: ein englisches Buch lesen! mit dem Kindle kann man mit einem als Standard installiertem Wörterbuch eine schnelle Übersetzung einzelner Wörter erreichen; ein Klassiker in gehobener Sprache; es handelt sich um eine Satire, da es damals schon keine Ritter mehr gab;

Kurzbeschreibung How is this book unique? Unabridged (100% Original content) Formatted for e-reader Font adjustments biography included Illustrated About Don Quixote by Miguel De Cervantes Don Quixote (/dn kwkst/ or /dn kihoti/; Spanish: [do kixote] ( listen)), fully titled The Ingenious Gentleman Don Quixote of La Mancha (Spanish: El ingenioso hidalgo don Quijote de la Mancha), is a Spanish novel by Miguel de Cervantes Saavedra. Published in two volumes, in 1605 and 1615, Don Quixote is considered one of the most influential works of literature from the Spanish Golden Age and the entire Spanish literary canon. As a founding work of modern Western literature and one of the earliest canonical novels, it regularly appears high on lists of the greatest works of fiction ever published, such as the Bokklubben World Library collection that cites Don Quixote as authors' choice for the "best literary work ever written". It follows the adventures of a nameless hidalgo who reads so many chivalric romances that he loses his sanity and decides to set out to revive chivalry, undo wrongs, and bring justice to the world, under the name Don Quixote. From Publishers Weekly There would seem to be little reason for yet another translation of Don Quixote. Translated into English some 20 times since the novel appeared in two parts in 1605 and 1615, and at least five times in the last half-century, it is currently available in multiple editions (the most recent is the 1999 Norton Critical Edition translated by Burton Raffel). Yet Grossman bravely attempts a fresh rendition of the adventures of the intrepid knight Don Quixote and his humble squire Sancho Panza. As the respected translator of many of Latin America's finest writers (among them Gabriel Garcia Marquez, Carlos Fuentes and Mario Vargas Llosa), she is well suited to the task, and her translation is admirably readable and consistent while managing to retain the vigor, sly humor and colloquial playfulness of the Spanish. Erring on the side of the literal, she isn't afraid to turn out clunky sentences; what she loses in smoothness and elegance she gains in vitality. The text is free of archaisms the contemporary reader will rarely stumble over a word and the footnotes (though rather erratically supplied) are generally helpful. Her version easily bests Raffel's ambitious but eccentric and uneven effort, and though it may not immediately supplant standard translations by J.M. Cohen, Samuel Putnam and Walter Starkie, it should give them a run for their money. Against the odds, Grossman has given us an honest, robust and freshly revelatory Quixote for our times.
