Von Gary Player : Don't Choke: A Champion's Guide to Winning Under Pressure before purchasing it in order to gage whether or not it would be worth my time, and all praised Don't Choke: A Champion's Guide to Winning Under Pressure:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good stories, not sure if it really a book about the psychology of golfVon Paul AndrewsThis is a nice book to reads and the

anecdotes from Gary Player, one of the all time greats are interesting and entertaining. If you are actually looking for a book regarding the psychological components of the golf game there are better bets out there.

Kurzbeschreibung Gary Player is one of golfs greatest champions. As one of the Big Three of golfs golden era (with Jack Nicklaus and Arnold Palmer), he helped launch golf as a major international sport. He sits fourth on the list of most major victories on the PGA Tour and built a reputation of being fearless on the course and steely on the greens. Dont Choke is his look at what it takes to achieve success when the pressure is on. Player explains how and why he became a champion and what it takes to win in big-time golf, but he also explains how learning to cope in pressure situations can help anyone. He will review the most pressure-packed situations in his eighteen major victories and how he managed to succeed when things were most tense. But this book is not all about golf. Player has had a long successful career in business since his playing days designing golf courses, marketing golf equipment and sportswear, and more. If you want to do better in a boardroom or in your next job interview, Players advice will help. This personal glimpse into the mind of a champion offers lessons to everyone who has to face pressure and today that is all of us. Gary is one the greatest competitors who ever played the game. Arnold Palmer
