Groartig! Von Christina Berkele Man merkt schon, dass Nathan kein Autor ist, aber er erzählt sehr lustige Geschichten.

Abseits von der Bhne und auf der Bhne... Absolut lesenswert! Ich habe viele Male laut lachen mssen.

KurzbeschreibungDont Love Me, Judge me is an anecdotal autobiography about my life as an NCAA soccer player, Fear Factor champ, "rock star", identical twin and complete idiot. My life has been curiously inundated with the most random, yet extreme experiences and/or situations. From losing our mother to a car accident at age 12 and getting car jacked at gunpoint to earning NCAA soccer scholarships and ultimately rising to international fame with our band Madina Lake. Life has been a consistently ridiculous roller coaster ride of absurd highs and lows, and absolutely zero dull moments. Blessed, cursed, for better or worse, humiliating yet inspiring.. here it is, full disclosure.
