This book has a good message for kids.Von Ein KundeI am a real 'gang kid' from San Pedro California. I got my first gun when I was 8. I have been drive-byed 5 times and my best friend got killed when he was 13. My English teacher gave me this book to do a review on. I gave this book 5 stars because I think it has a good message for some kids who might

think about joining a gang. But I got to say that I was dissappointed with this book because it is not very on the real. You can tell it was written by a person who never lived this kind of life or had kids who did even though she might have known some kids who lived like this. But that does not make it a bad book. I think that if you liked this book and want to know more about gangs on the real you should check out some books by Jess Mowry like 'Way Past Cool' and 'Babylon Boyz'. There is some stuff about gangs in 'Ghost Train' too. Like I said I think this book was a good try by the author and it has a good message but it's not very on the real if you live where I do. 0 von 0 Kunden fanden die folgende Rezension hilfreich. To learn about what can happen in gangs read this book. Von Ein Kunde "Drive By" By Lynne Ewing I think that this is a good book for teenagers who are wondering about gangs or wanting to join one. It is a good book to read. I would encourage all teenagers to read it so they could get a feel for what could happen to people when they join gangs. I liked this book because it helped me to understand and gain more knowledge on what can and will happen to kids going in the wrong direction. Even the people that you wouldn't expect to join a gang does and most of the time they will end up getting hurt. If you think that you want to join a gang and become a gang member read this book and then make your decision. 0 von 0 Kunden fanden die folgende Rezension hilfreich. drive by book review Von Ein Kunde Drive by Drive by is about two kids that went to get their little sister from a birthday party and on their way home they started to hear real loud bass then they saw car lights then when the car got closer and the window rolled down their were shots fired.
