A great book, not only for those living in the NetherlandsVon Ilze IevinaI have never lived in the Netherlands (nor do I intend to), in fact I have never even been to the Netherlands, but that didn't prevent me from thoroughly enjoying this book.The contributions of the various authors are split into 12 sections: (1) tales of culture shock, (2) eating and shopping, (3) on two wheels, (4) learning Dutch, (5) working, (6) marrying a Dutchie, (7) giving birth the Dutch way, (8) raising the world's happiest kids, (9) Dutch doctors, (10) my Dutch life, (11) at home at last, and (12) saying goodbye.Some of the stories are humorous, some are practical, and others contemplative, and each gives a unique insight into the Dutch way of life - from obsession with being average to a healthcare system where survival of the fittest is the law!

In all likelihood, there are a lot of stories that will sound familiar and have you nodding your head in agreement or shaking it in shared frustration.
