Von Craig Stidham, Jeanne Harris : Dynamic Posing Guide: Modern Techniques for Digital Photographers

before purchasing it in order to gage whether or not it would be worth my time, and all praised Dynamic Posing Guide: Modern Techniques for Digital Photographers:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Focus on fashion fotographsVon Gerhard Andreas PohlThis composing rules are realy helpful to take commercial / fashion pictures.Some of them are inappropriate for portraits because the person would act not very real to the observer.At the end it is a pretty good book. Everybody who take picture of people should know this hints.

Kurzbeschreibung Tips, techniques, and inspiration for creating perfect poses Effectively posing the human body is a challenge for nearly every photographer, from amateur to professional. Buchrckseite Create a mood. Tell a story. It's all in the pose. Whether you're telling a story or selling a product, the people in your photo make the difference. The way you place their bodies crafts your message. In this book, you'll explore how the human body moves and the subtle effects that different poses can create through the lens. You'll discover how various stances showcase types and styles of clothing, how to pose your models to create a mood, and some valuable facts about lenses and lighting. You'll learn the rules, and more importantly, you'll learn when and how to break them.
