**Von Jane Johnston, Lindy Nahmad-Williams : Early Childhood Studies: Principles and Practice** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Early Childhood Studies: Principles and Practice:

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. 5 Sterne Von Sarah Schmidt Sehr gutes Buch, das die gesamte Entwicklung zusammenfasst. In jedem Kapitel wird ein Schwerpunkt gelegt, so dass neben einem Entwicklungsbereich (Motorik, Kognition, Sprachentwicklung etc.) verschiedene Forschungsmethoden der Pädagogik eingeführt werden und anhand von Beispielen verdeutlicht werden.

Kurzbeschreibung This core introductory textbook offers an accessible yet rigorous approach to Early Childhood issues, addressing both Care and Education in the Early Years. It presents a multi-disciplinary perspective and will add value to any Early Childhood Studies course at both foundation and degree level. This text engages the reader by providing real-world examples that underpin theoretical perspectives and bring examples to life, whilst providing the student with an

opportunity to reflect on their own similar experiences. The book is supported with a range of useful supplementary materials including an exciting companion website package.
