Easy Italian Phrase BookVon Ein KundeAs a teacher of Italian language and literature, I was quite impressed by this little book. The phrases, transliterated for those who do not know Italian pronunciation, are those you will use if you are traveling to Italy or teaching the language. There was a surprising amount of information in this book, which was well worth its low price. I suggest you purchase some other titles if you are traveling to Italy, as it does not contain an exhaustive listing of Italian conversational terms, but it makes a valuable contribution.0 von 0 Kunden fanden die folgende Rezension hilfreich.
