Touching and exciting story... Von Ein Kunde This book is the BEST I've ever read! Well this and the book before it,

The Year of Impossible Goodbyes. When you read it, it's like your actually there.. feeling the same thing the main character (Sookan) is. You'll read about everything she wishes and her thoughts and the horrible things she goes through. You might find it hard to believe at how she finds the most simple things, and enjoy it. She does all she can to enjoy life. This is a book I have really really really really enjoyed..And recommend it to everyone!0 von 0 Kunden fanden die folgende Rezension hilfreich. A book expressing on the life of a young refugee of the warVon Ein KundeIt is a touching novel like the ones before and after it. You have to read A Gathering of Pearls to complete the set. The title of the book matches very well with its story. The set of books let you relieve a war and its affect on one family and kid. I recommend it for a reading project or anything for history.0 von 0 Kunden fanden die folgende Rezension hilfreich. It's the best book that I have ever read.Von Ein KundeThis was a wonderful book.
