KundenrezensionenHilfreichste Kundenrezensionen3 von 6 Kunden fanden die folgende Rezension hilfreich. excellent thought-provoking book for college level educatorsVon Ein KundeIntense reading, appropriate for anyone involved in educating professionals for the new millenium. Schon puts forth challenges for teachers as well as students and uses some excellent examples to demonstrate his thoughts. He also presents difficulties encountered in the educational process, along with proposed solutions. Allow several days to absorb the information in this text, but definately give it a try if you are teaching at the college level!

KurzbeschreibungBuilding on the concepts of professional competence that he introduced in his classic *The Reflective Practitioner*, Schon offers an approach for educating professional in all areas that will prepare them to handle the complex and unpredictable problems of actual practice with confidence, skill, and care.KurzbeschreibungBuilding on the concepts of professional competence that he introduced in his classic *The Reflective Practitioner*, Schon offers an approach for educating professional in all areas that will prepare them to handle the complex and unpredictable problems of actual practice with confidence, skill, and care.Synopsis Building on the concepts of professional competence that he introduced in his classic *The Reflective Practitioner*, Schon offers an approach for educating professional in all areas that will prepare them to handle the complex and unpredictable problems of actual practice with confidence, skill, and care.
