dream in one of the most beautiful and serene wilderness areas in the world. In her cabin on a lake in the boundary waters canoe area, she lived alone and in harmony with nature. Thirsty canoe travelers would stop by to visit Dorothy and she offered them root beer, which she bottled herself. This is an inspiring, true story of independent living; highly recommended to anyone who has ever dreamed of living in the woods.0 von 0 Kunden fanden die folgende Rezension hilfreich. An enjoyable story about a woman in the North woodsVon Ein KundeRoot Beer Lady is the story of Dorothy Moulter, a woman who moved from depression era Chicago to the Northwoods of Minnesota. If you've ever visited, or read about, Ely Minnesota, doubtless you've heard a little about her. Although the story is interesting for the most part it does drag a bit in some areas. I found it pretty fascinating though. Kinda makes you want to pack everything up, and move to the middle of no-where.0 von 0 Kunden fanden die folgende Rezension hilfreich. Outstanding storyVon Ein KundeI have been going to the BWCAW for the past three years. Reading this story just brings back all of the memories that I have been collecting over the last 3 years. Reading this book you can take yourself back to the wilderness area by moose lake, ensign lake and farther north to knife lake. It's a beautiful area that all should visit.
