Von Philipp Strasser : Ropes in Trees: A Guide to Better Temporary Rope Elements (Praktische Erlebnispädagogik) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ropes in Trees: A Guide to Better Temporary Rope Elements (Praktische Erlebnispädagogik) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Englische bersetzung eines Seilbuch-KlassikersVon M. F.Es handelt sich hier um die englische bersetzung von Philipp Strassers Buch: "Spannung zwischen Bumen: Handbuch fr temporre Seilelemente" (Spannung zwischen Bumen: Handbuch fr temporre Seilelemente

Kurzbeschreibung Nature provides us with endless options for adventure, learning, and relaxation. Trees are among nature's greatest gifts for these possibilities. With the techniques in this book you will be able to find new adventure in the trees by simply bringing some ropes, carabiners, and pulleys into the forest and creating a variety of exciting temporary rope elements or challenge courses that are both fun and environmentally sustainable. Rope elements can be created for children and adults of virtually all abilities, are healthy fun for individuals or groups, provide great exercise, and are a wonderful way to build team spirit, partnership, and self-esteem. This book is written for people who already have some experience with rope elements and want to refresh and extend their knowledge about design, belay techniques, and the uses for rope elements. Inside you will find details on new elements, belay updates for common standard elements, and useful tips on safety, best practices, and minimal environmental impact.
