Von Mark Twain : Roughing It (Annotated) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Roughing It (Annotated) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich.
WESTWARD HEY-HO!Von matt andrewsTravellin' west? Take this. Here's a great reissue of a hundred-year-old-plus book that remains fresh as a cactus bloom. Huck Finn is Twain's best, but Roughing It has a conversational

chumminess that takes you right to his camp fireside and makes your wish you truly knew the man. It is all about a stagecoach ride to riches that turns out just so, and is invaluable as a celebration of the adventuring American spirit. Salt Lake City will never be the same for me! Here's my vote for the Posthumous Nobel Prize for Wit.0 von 0 Kunden fanden die folgende Rezension hilfreich. The undisturbed soul of Mark TwainVon Ein KundeThis book is better than the equivalent of sending Walter Kronicite to the Wild West to investigate it's doings. Mark Twain, ever the great poet/humorist, embarks into the real world of the West with as much excitement and curiosity as you or I would have via an Overland Stagecoach. While he is at this occupation, he develops a dozen more, including prospecting and newspaper reporting, being destitute, and being fabulously rich. Everywhere his gaze is turned is carefully recorded and sent 'back-home' to you and I as though it were a personal letter through the post! His humor and insight is actually the finest of his entire career; the personal feeling, yearning, passion, and pathos of his descriptions are more poetic than the bards of all time. On his journey from Springfield, Missouri, to find out what life will become--and with WHAT, and IN what--he accompanies his brother Orion, just appointed secretary to the Governor of the Nevada territories by President Lincoln, to conveniently become the secretary's secretary. An occupation, predictably short-lived. Upon arrival young Sam Clemens, a recent riverboat pilot turned Confederate Soldier gone AWOL is as set free as a snake from a cardboard box. No one on earth could have taken advantage of the wild possibilities that beckoned from the new frontier better than Sam Clemens. Sam was as a man gone there intentionally in a time machine and was exultant to begin his plans---and coming-up with them on his arrival. He wrote home that he would never return to Missouri until he had become a rich man, and THAT from the silver mines that peppered the entire mountain ranges of Nevada of that day. One has the incredible opportunity to view through Mark Twain's eyes the true West and at the same time view Mark Twain and what influence it was having upon HIM. At just the saving moment of the demise of his grandiose plans he becomes a newspaper correspondent from Hawaii, and, without ever having the knowledge himself, explores from one American frontier to the next. While in Hawaii he wrote in unparalleled prose the majesty he witnessed there. He tells of the history and collects the information that would later become the substance of his first lecture tour, and what would become the most celebrated literary career in the 19th century, and to some: of all time. This is Mark Twain's finest book.0 von 0 Kunden fanden die folgende Rezension hilfreich. Funny and informativeVon ChristianeThese are Mark Twain's recollections of his three-months pleasure trip to the Nevada silver mines which actually turned into a seven-year stay. Twelve years before the completion of the railroad he and his brother Orion did the trip in stage-coaches and with his keen powers of observation, humour, knowledge and brilliant prose he brings this bygone era back to life. Being incurably restless, during those years Mark Twain held a variety of jobs, lived in lots of different places and under very different conditions (on a shoestring on the silver fields and in relative luxury in Hawaii), had hair-raising adventures and met all kinds of wild, weird and picturesque characters. This book is more consistent than for example Life on the Mississippi and Twain doesn't go off on a tangent anywhere near as much. Admittedly some of the anecdotes are too long-drawn out, sometimes there is more information on a topic than one would have wanted but I still consider this one of his best and most amusing books.

Kurzbeschreibung*This Book is annotated (it contains a detailed biography of the author). *An active Table of Contents has been added by the publisher for a better customer experience. *This book has been checked and corrected for spelling errors. Roughing It is a book of semi-autobiographical travel literature written by American humorist Mark Twain. It was written during 1870/71 and published in 1872 as a prequel to his first book Innocents Abroad. This book tells of Twain's adventures prior to his pleasure cruise related in Innocents Abroad. Kurzbeschreibung*This Book is annotated (it contains a detailed biography of the author). *An active Table of Contents has been added by the publisher for a better customer experience. *This book has been checked and corrected for spelling errors. Roughing It is a book of semi-autobiographical travel literature written by American humorist Mark Twain. It was written during 1870/71 and published in 1872 as a prequel to his first book Innocents Abroad. This book tells of Twain's adventures prior to his pleasure cruise related in Innocents Abroad. Synopsis "This book is merely a personal narrative, and not a pretentious history or a philosophical dissertation. It is a record of several years of variegated vagabondizing, and its object is rather to help the resting reader while away an idle hour than afflict him with metaphysics, or goad him with science. Still, there is information in the volume ..." Thus begins Mark Twain's Prefatory to Roughing It. The book is a humorous account of Twain's six years spent in Nevada, San Francisco and the Sandwich Islands (as Hawaii was known at the time) and is comprised of various anecdotes and tall tales, told as only Mark Twain can tell them.
