Von Niki Burnham : Royally Jacked (The Romantic Comedies) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Royally Jacked (The Romantic Comedies) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Courtesy of Teens Read TooVon TeensReadTooValerie Winslow, like any other girl, thought that she had it all: the perfect friends, the perfect family, and the perfect crush. But her world turns upside down and soon Valerie begins to question her whole life. Her mother decides to tell the family, at the dinner table, that she cannot continue in her marriage because she is gay and is going to move out and live with the new love of her life, who happens to be a woman.Unfortunately, her mother's news not only effects Valerie, but also her father, who breaks the news that the very conservative politician that he works for doesn't believe that he should have an employee who married someone who is gay. But instead of losing his job, the politician finds Valerie's dad another one, just until after the re-election, all the way in Schwerinborg, some European country.So now Valerie has to make a decision. She can either stay with her mother and her girlfriend in their new apartment, go to an entirely different school, and possibly have a chance with her longtime crush, David Anderson, who is finally showing some interest in her. Or she can go all the way around the world and stay with her dad, who is helping the royal family.Valerie decides that it's best to go with her dad, maybe so she doesn't have to tell her friends the real reason why her parents got divorced. When she arrives at her new, yet very ugly apartment, Valerie discovers a surprise, a very cute one. Turns out the royal family has a son who is just one year older than Valerie, and isn't too shabby to look at. Maybe moving to Schwerinborg wasn't such a bad idea after all.ROYALLY JACKED is both unique and hilarious in so many ways. Niki Burnham creates a story that is so unusual and so very cute that it leaves a smile on your face. The relationship with Valerie and her dad and the one with Georg, the son of the royal family, all make ROYALLY JACKED worth the read.Be sure to watch for the other books in this series, SPIN CONTROL and DO-OVER.Reviewed by: Randstostipher "tallnlankyrn" Nguyen0 von 0 Kunden fanden die folgende Rezension hilfreich. sehr unterhaltsames Mdchen-BuchVon Ein KundeValerie hat die Nase voll!Ihre Eltern haben sich gerade scheiden lasse,ihre Mutter hat sich jetzt dem gleichen Geschlecht zugewandt, der Typ fr den sie schon seit Jahren schwrmt zeigt immer noch kein Interesse fr sie und ihr Vater will jetzt auch noch fr ein Jahr nach Europa.Valerie hat nicht viele Mglichkeiten entschliet sich aber letztlich ihren Vater zu begleiten, da sie nicht mit ihrer Mutter und deren Freundin zusammenleben will....Ihr Vater ein Diplomat hat eine Stelle in einem kleinen unbekanntem Knigreich als Berater des Knigs angenommen,was einschliet im Palast zu wohnen...Valerie lebt also in einem fremden Land im Palast des Knigs, der zuflligerweise einen sehr sen Sohn im richtigen Alter hat. Es kommt zu allerlei witzigen Zufllen,Verwicklungen und Verwechslungen...Das Buch ist leicht zu lesen und sehr witzig.Ich kann es allen Mdchen ab dem 2. oder 3. Lernjahr empfehlen. Wer die Bcher von Meg Cabot mag ist sicherlich auch ganz begeistert von diesem Buch.Es gibt auch eine Fortsetzung zu "Royally Jacked" nmlich "Spin Control"

KurzbeschreibungValerie's life is pretty good. While she's not the most popular girl in school, she does have decent grades, great friends, and a potential boyfriend. All a girl could want. Then her mother announces that (1) she's gay, and (2) she's leaving Valerie's dad for her girlfriend. Not what Valerie envisioned for her future. And just when Valerie is getting over this bombshell, her father tells her he's gotten a new job as protocol chief for the royal family of some obscure European country. Valerie's world has come unglued. She can either stay in Virginia with her mom and her ber-organized, veggie-burger-eating girlfriend, or go with her dad, leaving everything she knows for some place she's never heard of. Valerie opts to go, and quickly discovers that it was a mistake -- until she meets the prince, and all bets are off!From BooklistGr. 8-10. Fifteen-year-old Valerie is shocked when her mother announces that she's divorcing Valerie's father and has a new relationship--with a woman. Valerie, who chooses to stay with her father, gets another whammy when she learns that Dad has accepted a position working for a royal family--in some small, unpronounceable European country. It's difficult leaving, but castle life has some pleasant surprises, especially Georg, a very cute prince. Burnham, best known for her adult romances, here offers a lively, humorous read with a contemporary approach and plenty of plot twists. Valerie's first-person narrative is perky and conversational, and e-mails to stateside friends and pop-culture references (sometimes overly abundant) add trendy context. Valerie's hip, decorous dad is an appealing secondary character, though the gay-parent element is underdeveloped, even glibly treated ("Who'da thought my mom announcing she was gay could get me a boyfriend?"). However, modern romance fans will enjoy the castle setting, occasional nods to the Cinderella story, and familiar teen dilemmas that range from crushes to peer pressures, family to school life. Shelle RosenfeldCopyright American Library Association. All rights reservedFrom School Library JournalGrade 6-9-Fifteen-year-old Valerie's life gets turned upside down when her mother announces that she has fallen in love with another woman and is going to live with her. Then, as Valerie is trying to process this bombshell, her father's boss, the very conservative President of the U.S., decides to ship her father off to tiny Schwerinborg to serve as protocol chief to the royal family (in order to avoid a scandal at the White House). Valerie is left with two choices: live with Mom and her vegan girlfriend in a new school district or go with Dad to an obscure country where she doesn't speak the language or know a soul. Rather than having to explain her mom's new lifestyle to her friends, Valerie opts to go with her father, but when they arrive in foggy, gray

Schwerinborg and see their spartan palace housing, the teen is sure she has made a huge mistake. Until, of course, she meets the royal family's son, Prince Georg, and romance is ignited. Burnham, an adult romance writer, targets a younger audience with this fluffy, predictable, yet entertaining romance, which will most certainly be compared to Meg Cabot's popular "Princess Diaries" series (HarperCollins).--Betty S.
