Von Jonathan Runge : Rum Reggae's Caribbean (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rum Reggae's Caribbean (English Edition):

Well, Mr. Runge has finally come out with an encore to his classic book on the Caribbean, and he has outdone himself. He has once again given us all the best kept secret places in the Caribbean, and not a moment to soon. I was afraid he was down there permanently this time after a six year information drought

between editions and it was killin' me!. So all I can ask now, is that he quickly pack up and give us more of the same quality for some other destinations such as Mexico, Hawaii, or perhaps a south Pacific island guide. I just hope he can maintain this extraordinary level of "insider's" scuttlebutt as he expands his travel territory. This is far and away the best book on what to do and where to go in the Caribbean that has ever been put together, and I believe I own all of them (over 50 Caribbean vacation guidebooks in my library, and I would throw them all out to keep this one). A masterpiece.0 von 0 Kunden fanden die folgende Rezension hilfreich. At last! A perfect guide book! Von N. MAOUNISBRAVO! This is one of the best travel books ever! I am a frequent traveler, and usually all travel guides give you boring and clise information. Mr Runge is a unique, charismatic writer. I ended up extending my trip an extra few days, so I could see all these unbelievable amazing places that, unfortunately, other guides did not include. If you're planning your next trip to the Carribbean, first-make sure to pack this book, and then your passport!0 von 0 Kunden fanden die folgende Rezension hilfreich. Bigger and better than ever! Von Ein Kunde At last! Mr. Runge has updated his Caribbean guide and it is better than ever. He includes more locations, more activities, more places to stay, and more ratings. His opinions are sharper, his descriptions are more detailed, his guidance is right on the money. This book is NOT for your average vacationer, this is for the sophisticated traveler who's looking for something out of the ordinary. Like YOU!

Kurzbeschreibung Geared toward sophisticated and savvy travelers who generally avoid swarms of tourists, this extraordinary guidebook documents the real Caribbean vacation. Completely revised from its previous edition, it boasts improved maps and more easily navigable information on hotels, restaurants, bars, and beaches, going beyond the t-shirt stalls of Ochos Rios, the casinos in St. Maarten, the all-inclusive resorts of Jamaica, and the cruise ship traffic jams of St. Thomas. Such features as Rum Reggae's Touristo Scale, Island Friendliness Climate, and the Superlatives section all maintain the creative flair that defines this opinionated, irreverent, funny, and most of all informative series. Pressestimmen "An irreverent and highly personal guide with an emphasis on places to stay and places to party..." -- Travel Leisure "As guidebooks proliferate, those with a sharp point of view, whether or not one agrees with it, can seem as refreshing as a cold drink of water at midnight after a supper of salami.... Rum Reggae is perhaps an extreme example of the opinionated guidebook.... Clearly, this book is not for the porch crowd." -- The New York Times Kurzbeschreibung Geared toward sophisticated and savvy travelers who generally avoid swarms of tourists, this extraordinary guidebook documents the real Caribbean vacation.
