Unbelievable InsightVon Ein KundeIt is unbelievable the insight that Dawson has into the mind of the American Teenager! I've been applying some of his ideas about relating experience instead of teaching facts to my Senior High Class a church and it is really working!0 von 0 Kunden fanden die folgende Rezension hilfreich. KurzbeschreibungMeaningful relationships, genuine connections, and real love: if those are the things this generation of teens-- the Millennial Generation--is crying out for, who can deliver? You can, says Dawson McAllister. Yes, you the parent, you the youth worker, you the teacher--anyone who wants to show teens the real love of Jesus Christ. But if you want to give Millennials what they're looking for, you've got to be willing to meet them on their own turf. And that's not always easy because the Millennial Generation is one of the most skeptical generations in history. You don't have to let them down. Saving the Millennial Generation will help you understand Millennials--what makes them tick and what ticks them off when it comes to school, church, and home. You'll have to earn their trust, but it'll be well worth the effort. Because in the end, you'll build relationships that will bring fruit both today and into all eternity-- for you and for the Millennials.KurzbeschreibungMeaningful relationships, genuine connections, and real love: if those are the things this generation of teens-- the Millennial Generation--is crying out for, who can deliver?
