KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Love it!Von CallIt's a really easy to read type of book! Love his story because I found myself in it a lot. If you are dealing with identity crisis or problems with relationships - this is the book. It's not really a "how to" book. More like a story

of a man with all it's truth.

Kurzbeschreibung After decades of failed relationships and painful drama, Donald Miller decided hed had enough. Impressing people wasnt helping him connect with anyone. Hed built a life of public isolation, yet he dreamed of meaningful relationships. So at forty years old he made a scary decision: to be himself no matter what it cost. From the author of Blue Like Jazz comes a book about the risk involved in choosing to impress fewer people and connect with more, about the freedom that comes when we stop acting and start loving. It is a story about knocking down old walls to create a healthy mind, a strong family, and a satisfying career. And it all feels like a conversation with the best kind of friend: smart, funny, true, important. Scary Close is Donald Miller at his best.
