Kurzbeschreibung Everyone is afraid of something... Madeleine Masterson is deathly afraid of bugs, especially spiders. Theodore Bartholomew is petrified of dying. Lulu Punchalower is scared of confined spaces. Garrison Feldman is terrified of deep water. With very few options left, the parents of these four twelve year-olds send them to the highly elusive and exclusive School of Fear to help them overcome their phobias. But when their peculiar teacher, Mrs. Wellington, and her unconventional teaching methods turn out to be more frightening than even their fears, the foursome realize that this just may be the scariest summer of their lives. Pressestimmen "Scott Brick is perfect as narrator-cool, calm, and collected through murder, theft, and conspiracy at the highest levels of society. The dialogue grips the listener as Brick's voice pulses with tension and deception." AudioFile Werbetext Hilariously quirky, School of Fear sees four kids face up to their outrageous phobias
