those mountains, some of the most untouched of the whole Italian peninsula. And I can only say - those photos are so natural, so far away from being artificial! The artist is proud of the landscape he is living in, and I can only share his feelings for this oh so beautiful part of our Veronese region. Verona and the art isn't only Romeo and Juliet - but also those photographs so simple but telltale. And it is very difficult nowadays to find those themes and get it in the right light. Because, culprit the industrial development especially around Verona, we have a lot of smog here. The photos - verdict of someone who really lives here - are simple but perfect. 1 von 2 Kunden fanden die folgende Rezension hilfreich. S/W-Aufnahmen der Depression und Einsamkeit Von Jay Tii Verfallende Steinmauern, blätterlose Bäume, kahle Hügel im Winter mit wenig Schnee... das alles in Schwarz/Weiß konvertiert und heraus kommt dieses Werk aus Tristesse und Depression statt der versprochenen "Mystery Charme". Zu oft werden in meinen Augen dabei bestimmte Themen wiederholt, als ob sich der Autor nicht entscheiden konnte, welches Foto er denn jetzt zeigen soll und Angst davor hatte, eine Entscheidung zu treffen. Bis auf wenige Ausnahmen nicht mein Ding, daher denke ich 3 Sterne sind fair.
