Von Elaine ClayA book that is easy to read and a must-have for every American who loves to travel! Amir West has this fantastic way of writing by making things understandable in an easy, humorous and sometimes even casual way. His explanations are simple but straight to the point and demonstrate that living the "Good Life" is not that hard, after all! I am glad I read his book and hope that many more will follow - maybe even on different subjects! Great work for sure!0 von 0 Kunden fanden die folgende Rezension hilfreich. KurzbeschreibungThey say first class is the only way to fly.First class is great and all, but in my world FREE is really the only way to fly!Once youve had a chance to fly for free, Im sure youll agree.My friends often ask me how it is that I am able to travel abroad so frequently. I hear from them all the time Youre so lucky! or I wish I could travel like you do, but Ill never be able to afford it!Eventually when I began letting folks in on my little secret and started telling them that they could definitely afford it because I travel for free they either didnt believe me at all, or wanted to know everything I could tell them about how they could do the same.Finally after fielding one too many questions from people in the latter group, I decided to sit down and write a book detailing all my tricky little Travel Ninja Secrets, including step-by-step instructions that anyone can follow. I know what youre thinking: Sounds too good to be true, theres gotta be a catch!Actually there really is no special trick to this whatsoever. You dont have to go out and crack your skull open trying to figure out how to use a pair of nunchucks in an attempt to become an actual Ninja before you can begin using these secret Travel Ninja tactics for your own travels.Theyve worked for me and I guarantee theyll work for you just the same!Recently I booked a first class flight from New York to Bangkok and the best part of it is it was absolutely free! If youre the type who still thinks first class is the only way to fly I encourage you to give this book a try, become a Travel Ninja in your own right, and give me a chance to prove you wrong, because lets face it - the only thing better than cheap airline tickets is FREE airline tickets!KurzbeschreibungThey say first class is the only way to fly.First class is great and all, but in my world FREE is really the only way to fly!Once youve had a chance to fly for free, Im sure youll agree.My friends often ask me how it is that I am able to travel abroad so frequently.
