Von Sandra Brown : Seduction by Design (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Seduction by Design (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Quite a disappointment!Von MOI have read a few books by Sandra Brown so far, most of which I would say were above

average, some even really good. I thought I would give this one a try, but was really disappointed! The relationship between the protagonists, a wealthy businessman, his young daughter and his oh-so-successful female employee is quite simple - actually the plot evolving out of it is so predictable that saying it's easy-to-read is even too much! Saying it was fast-to-read wouldn't be true either, I for once had this book lying half-read on my desk for weeks before I finally forced myself to finish it to finally get it out of my way. The heroine is so unsure of herself and has such a low self esteem when it comes to her looks that it made her very unattractive to me. Through most of the book I wondered what the hero saw in her, except a warm body in bed and a second mom to his daughter. And then he wasn't quite the best catch either, concerning the fact that he didn't seem to be a very competent father... The only thing that somewhat kept the book going was the sexual tension that Ms. Brown was able to hold up until the last few chapters. One should mention though, that this book was probably written in the 80s and reflects the time quite perfectly - which I'm not saying is bad - but definitely is distracting when expecting a contemporary work. All in all, if you don't mind shallow books this is maybe not a too bad one - but to call this a good read would be a lie! 0 von 0 Kunden fanden die folgende Rezension hilfreich. A classic and sweet love story

Von Ein Kunde Seduction by design was a sweet romance novel which was easy to read and perfect book to read for relaxation. So far I have read about 15 books by Sandra Brown and this story is one of her better ones I would say.

Story: Hailey Ashton is a woman on her way up careerwise but beneath this facade she leads a life of quiet emptiness in the shadows of her gorgeous sister. But then she meets Tyler Scott, her wealthy new boss and his adorable daughter. Tyler wants Hailey in his arms and in his little girl's life and Hailey longs to be the chic woman she thinks Tyler needs. Soon they are both about to find out that relationships do not happen on demand - that trust must be earned... and that family members have agendas of their own that can challenge what a woman thinks, who she is and whom she loves.

Kurzbeschreibung Hailey Ashton is devoted to her challenging job at the Serendipity Amusement Park. But Hailey's tough exterior hides a fragile self-image that dashes any hopes of a love life. Until a minor emergency brings her into contact with Tyler Scott.

From Library Journal Hailey Ashton is a successful customer relations representative at Serendipity, an amusement park in Gatlinburg, TN. She has found a fulfillment professionally that she has not achieved in her relationships with men. She lacks self-confidence, partially brought on by having a younger sister whom she perceives as being more attractive, sexier, and more outgoing. As a result of a mishap at the park experienced by 11-year-old Faith, Hailey meets the girl's father, Tyler Scott. From that point the novel follows the evolution of a romantic affair, with each partner wanting to make it work, but Hailey's lack of self-assurance and her suspicion that she may be just another of Tyler's conquests hinder progress. Jenna Stern's reading successfully captures Hailey's anxiety, Tyler's composure, and Faith's childlike energy. Recommended for romance collections. Catherine Swenson, Norwich Univ. Lib., Northfield, VT Copyright 2001 Reed Business Information, Inc.
