excitement of learning. Von Ein Kunde Charles Hayes is a superb writer. He asks you to think about important things. If you would like to learn what it feels like to discover yourself and the excitement of what learning is all about, read this book and particularly its Introduction. Jack Roderick

Kurzbeschreibung The caterpillar is condemned to crawl, but the butterfly has the potential to soar above with an all-inclusive view of the world. As humans we complete our caterpillar stage when we reach mature physical growth. If we are to soar like the butterflies, we must do so through the development of our minds. About the Author Charles D. Hayes is a self-taught philosopher and one of Americas strongest voices in support of lifelong learning. Promoting the idea that education should be thought of not as something you get but as something you take, his work has been honored by the American Library Association and featured in USA Today, in the UTNE Reader, and on National Public Radios Talk of the Nation. Hayes September University: Summoning Passion for an Unfinished Life has been described as a must read for anyone aspiring to a better world. His previous book, The Rapture of Maturity: A Legacy of Lifelong Learning, upholds the importance of seeking truth and serving others to achieve our full potential as human beings. Hayes spent his youth in Texas, and then served as a U.S. Marine and a police officer before embarking on a career in the oil industry. Alaska has been his home for more than 30 years.
