away from real life for awhile Von Cynthia Guider I thought the book was well written even for someone that has never sailed. The book made me want to learn to sail and look for adventure like the Pardys. My only question would be if it would be the same sailing through the Med sea today. I hope so!!!! I went out and ordered more of these books right way and I can't to explore with them again!!!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Beautiful area - beautiful report! Von Reinhard Grossmann What more can I say ... (see also my remarks to "Cruising ..." and "European ..."). Having reached a peak with the precursive narrative, the Pardeys continue their trip and deeply moving story telling. Maybe you can enjoy their experiences in Gibraltar, Italy, Yugoslavia (as it was named back then) even more when you know those areas by yourself. Anyways, let yourself be driven away in space and time by immersing into this, the third, part of cruising with Seraffyn.

Kurzbeschreibung The second book in the cruising of Seraffyn series begins when the Pardeys slew a personal dragon - the Atlantic - and arrived on the southwest coast of England, where they coasted eastward, stopping where fancy held them, where good friends were made, to winter at Poole, and work to pay for the next leg of the voyage - the Baltic in the spring. They visited Denmark, Sweden, Finland, dealt with armed guards on the Polish waterfront who watched while the people greeted them with flowers, fruits, and sweets. They weathered a fierce mast-under broach in a Baltic gale on their way to Cuxhaven, Germany, and back for another winter in England. From there they set out for the Mediterranean, where the story ends - to be continued in their next book. Here is a feast for the fantasies of stay-at-homes, and a warm account of two people who have lived in a wide adventurous world for eight years aboard a 24-foot boat. It is also a vastly entertaining instruction on how to live a rich life on very little money. Covers three adventurous years in the Pardey's circumnavigation with stops in Spain, North Africa, Crete, Malta, the Adriatic, Turkey and the Greek Isles. **Pressestimmen** "The Pardeys weave a tale of people and anecdotes that makes for marvelous armchair cruising. If you've read earlier works, you won't be disappointed. If you're new to the spell of the Pardeys, this will surely hook you." **Kurzbeschreibung** The second book in the cruising of Seraffyn series begins when the Pardeys slew a personal dragon - the Atlantic - and arrived on the southwest coast of England, where they coasted eastward, stopping where fancy held them, where good friends were made, to winter at Poole, and work to pay for the next leg of the voyage - the Baltic in the spring.
