Von Oliver Goldsmith : She Stoops to Conquer (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised She Stoops to Conquer (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. A play ahead of its time Von Ein Kunde One of the particularly interesting things about this play is that it can be seen as a kind of proto-feminist work of art. There is a lot of flirtatious game-playing going on here, but it is entered into by strong, intelligent women who are using the resources they have at hand in their culture to get what they want. Reading this

play, or seeing it performed, it is hard to believe that it was written in the 18th Century. Goldsmith has created a humorous story with intriguing plot twists that manages to show women as thinking individuals who take control of their own destinies....even if getting the right man is the way to do that!

Purchase of the Kindle edition includes wireless delivery. Pressestimmen Oliver Goldsmith's comedy was a milestone: yes, it's fast and funny, almost farcical at times, a great night out, and so on, but it's also a psychological masterpiece written at the time when English society began its stately progress towards its admirable class system. Sunday Times "A bombproof comedy... Oliver Goldsmith's play is about the clash between town and country, between varying degrees of pretension." Robert Dawson Scott, The Times, 04.06.08 'Against Sean Crowley's elegant blank canvas of a set, which allows a home to be mistaken for an inn, Goldsmith's themes of class and snobbery unfold with delicious clarity. The performances are both ticklish and sophisticated - the actors step outside the action to address the audience directly - and yet played for traditional laughs and tremendous relish.' Elisabeth Mahoney, Guardian, 01 May 2009 Kurzbeschreibung This book was converted from its physical edition to the digital format by a community of volunteers. You may find it for free on the web.
