eigentlich Von baranthos Das Buch ist mit Sicherheit nett geschrieben und sorgt auch für einiges an kurzweil, ist aber allemal ein Lckenber wenn man auf die nächste Veröffentlichung von Jim Butcher oder Kevin Hearne wartet. Schade, aus der Idee hätte man etwas mehr machen können.

Kurzbeschreibung Leo Malone is vampire, part-time PI, part-time hired muscle, and full-time jerk, but he is very good at what he does. Leo deals with problems with sharp, sarcastic remarks, unparalleled violence, and "bullet diplomacy". Leo signs on to a simple missing persons case, as simple as a missing werewolf can be, but when ravaged bodies begin to show up in streets of New York, Leo finds himself wrapped within the dark, shrouded folds of an ever-expanding conspiracy that threatens to expose the shadowy existence of both vampires and werewolves. Shrouds of darkness is a page-turning action thriller that will have you tightly gripped in suspense, laughing hysterically at Leo's unfiltered behavior, and begging for more.
