DisturbingVon Ein KundeI did not like this book. It was realistic because i know things like racism and discrimination happen all the time, but i didn't think it was very well written, and the charectar Laurel should have had a bigger part in the book. If you are into scary, disturbing books like this, i recommend it, but if you are not, don't waste your

money.0 von 0 Kunden fanden die folgende Rezension hilfreich. You MUST read this bookVon Ein KundeLiving in Australia, the violence of racism that occurs in this book doesn't really happen here. But racism will occur anywhere where there is prejudice and ignorance, and this book exemplifies that fact. I thought this was so good i even gave it to my TEACHER to read!
